

**Battery Park
City Authority**

Dear Applicants,

The Battery Park City Authority will be following the New York State guidelines as we continue to monitor the COVID-19 pandemic and its impact on your ability to hold events in our parks. We encourage you to review the guidelines available on New York Forward at www.forward.ny.gov to help ensure we prevent the spread of COVID-19.

Both Mandatory and Recommended safety guidance is available on the NY Forward site for each type of event that is typically permitted in our parks. You are solely responsible for reviewing the applicable safety guidance and holding an event that complies with the guidance. The Authority will not accept applications that do not include an applicant's self-certification that their event plan complies with the guidance. Approval of a permit is subject to the NY Forward guidance and any other restrictions or requirements in federal, State and City laws, directives, and guidance insofar as it relates to the planned event.

The COVID-19 emergency is a rapidly changing situation and we will keep you updated with the latest information as it pertains to any permit application that is submitted.

Thank you,

BPCA
